

MATERIAL SAFETY DATA SHEET

Product Name: **Lash Care International Foaming Cleanser**

1. Identification of the substance/preparation and company

1.1.	Trade name and Synonym:	Lash Care International Foaming Cleanser
1.2.	Company responsible (producer): Address: Telephone:	Edelweiss Pharmaceuticals 41 Link Road Capricorn park 7945, South Africa +27 21 788-5053
1.3.	Distributor: Address:	Lash Care International Pty (Ltd) Unit 44 Woodbridge Business Park Koeberg Road Milnerton 7441 South Africa +27 21 555-1517

2. Composition/information on ingredients: Lash Care International Foaming Cleanser

2.1.	COMPONENT (INCI)	CAS NUMBER	PROPORTION
	Water	8001-25-0	> 50% m/m
	Cocamidopropyl betaine	61789-400	1 - 5% m/m
	Caprylhydroxamic acid	2000503	1 – 5% m/m
	Cocamide DEA	68603-42-9	1 – 5% m/m
	Polysorbate 20	9005-64-5	1 – 5% m/m
	Citric acid	77-92-9	0.1 - <1% m/m
	Orange (Citrus aurantium dulcis) peel oil	8008-57-9	0.1 - <1% m/m
	Phenoxyethanol (and) ethyl- hexylglycerin	122-99-6 & 70445-33-9	0.1 - <1% m/m
	Rose Geranium (Pelargonium graveolens) leaf oil	84649-82-1	0.1 - <1% m/m
	Tea Tree oil (Melaleuca alternifolia)	68647-73-4	0.1 - <1% m/m
	Aloe ferox leaf extract	8024-41-7	< 0.1% m/m
2.2	Hazardous ingredients:	None at the stated concentrations *	

* The hazard communication standard requires that such mixtures be assumed to present the same health hazard as do components that constitute as least 1% of the mixture (0.1% for carcinogens) although OSHA has noted that the hazards of individual components may be altered by including them in a mixture.

3. Hazards identification: Lash Care International Foaming Cleanser

Primary route of entry:	
Inhalation:	Non-Significant
Skin:	Non-Significant
Ingestion:	Non-Significant
Acute Effects of Overexposure:	Reddening of eyes. Slight skin irritation in very sensitive individuals.
Eye contact:	Flush with water for 15 minutes with water or milk.
Health Hazards:	Acute: Skin and eye irritation; Chronic: None

4. First aid measures: Lash Care International Foaming Cleanser

4.1.	Eye Contact:	Flush eyes for 15 minutes with water or milk
------	--------------	--

5. Fire-fighting measures: Lash Care International Foaming Cleanser

5.1.	Extinguishing media:	Water spray or fog, foam, dry chemical powder, carbon dioxide.
5.2.	Hazards from combustion products	This mixture is not combustible under normal conditions. However, it will break down under fire conditions and the hydrocarbon component will burn. In a large fire, heating may produce toxic fumes containing sulfur dioxide, carbon monoxide, carbon dioxide, nitrogen oxides and ammonia.
5.3.	Personal protective equipment	Fire fighters to wear self-contained breathing equipment apparatus and suitable protective clothing.
5.4.	Hazchem code	None assigned.

6. Accidental release measures: Lash Care International Foaming Cleanser

6.1.	Emergency procedures	Slippery when spilt. Avoid accidents, clean up immediately. Wear personal protective equipment.
6.2.	Methods for cleaning up / taking up:	Wipe up small amounts and flush area to drain; collect and return large amounts to container for disposal.

7. Handling and Storage: Lash Care International Foaming Cleanser

7.1.	Handling:	Normal handling and storage consistent with good manufacturing practices should be used. Avoid eye contact. Repeated or prolonged skin contact should be avoided.
7.2.	Storage:	Store room temperature. Avoid extreme temperatures.

8. Exposure controls / personal protection: Lash Care International Foaming Cleanser

8.1.	Eyes: None Skin: Not normally considered a skin hazard. Wash hands and other exposed areas with mild soap and water before leaving work. Respiratory: None. Ventilation: None.
8.2.	Hygiene measures: None.

9. Physical and chemical properties: Lash Care International Foaming Cleanser

9.1.	Appearance:	An amber semi-viscous emulsion.
9.2.	Odor:	Characteristic fragrance of perfume used.
9.3.	Color:	Amber
9.4.	Data relevant to safety:	None.
9.5.	Flammable limits:	Not flammable
9.6.	Specific gravity (25°C)	1.03g/ml at 25° C
9.7.	pH	7.0 ± 0.2
9.8.	Solubility in water:	Soluble with stirring

10. Stability and reactivity: Lash Care International Foaming Cleanser

10.1.	Chemical stability:	Stable under normal conditions
10.2.	Conditions to avoid:	Excessive heat and direct sunlight.
10.3.	Hazardous decomposition products:	Sulfur dioxide, carbon monoxide, carbon dioxide, nitrogen oxides and ammonia.
10.4.	Hazardous reactions:	Not known

11. Toxicological information: Lash Care International Foaming Cleanser

11.1.	Acute toxicity: swallowing	May cause irritation if directly introduced to the mouth, throat and stomach. Symptoms may include vomiting, abdominal pain, diarrhoea and nausea.
11.3.	Serious eye damage / toxicity	May cause mild to moderate irritation to eyes, including redness and stinging.
11.4.	Skin corrosion / irritation	Repeated or prolonged skin contact may lead to irritation.

11.5.	Respiratory	Not normally a hazard due to non-volatile nature of the product.
11.6.	Carcinogenicity	Not considered to be a carcinogen.
11.7.	Chronic toxicity	No information available.
11.8.	Oral LD50 (rat)	Not available.

12. Ecological information: Lash Care International Foaming Cleanser

12.1.	Ecotoxicity:	Hazard to drinking water supply. Avoid contaminating waterways.
-------	--------------	---

13. Advice on disposal: Lash Care International Foaming Cleanser

13.1.	Dispose of in accordance with applicable federal, state, and local regulations.
-------	---

14. Transport information: Lash Care International Foaming Cleanser

14.1	Land Transport - Marine Transport - Air Transport: Other than normal shipping instructions and information given in the MSDS, there are no other specific U.S. Department of Transportation (DOT) regulations governing the shipment of this material.
------	--

15. Regulatory information: Lash Care International Foaming Cleanser

15.1	EPA SARA Title III Hazard Categorization	This product contains no SARA 313 reportable substances.
------	--	--

16. Other information: Lash Care International Foaming Cleanser

None.
